

INTRODUCING

ClipTrim

by Trim Solutions, LLC

Retrofit Window Surrounds

Transform any home
in less than a day

Designed to save you time and money

ClipTrim's patented hidden fastening system allows for easy installation by clipping into existing siding. Made with 3/4" PVC boards for a thinner profile, ClipTrim is fastened to the top of the window by a support bar with no need for painting or caulking.

As a retrofit window surround, ClipTrim eliminates waste and comes ready-to-install. It's durable and weather resistant.

- Quick and easy to install
- No face nailing
- No need to paint or caulk
- No need to remove existing vinyl-siding
- Works with any vinyl-sided home
- Saves you time and money
- Made in the USA
